
Air Quality – AQ14/12 Operating Permit Application

MassDEP, Bureau of Air & Waste

EEA ePLACE Portal

Transition to ePLACE On-Line Permitting

- ▶ All Facilities newly subject to the Operating Permit Program will apply for their initial Operating Permit through ePLACE Effective October 1, 2017.
- ▶ All Facilities with Renewal Applications due on or after January 1, 2018 shall apply through ePLACE.
- ▶ After entry of a new or renewal application, all subsequent renewals or modifications will be on forms that are pre-populated with facility data making subsequent applications easier to complete.
- ▶ Any facility whose Initial or Renewal application for an Operating Permit has NOT yet been approved in ePLACE must file Administrative Amendments, Minor Modifications or Significant Modifications using the current paper forms until such time as a renewal is approved through ePLACE.

How to Apply

- Create or log into your account in eLicensing
- First time users click here
- Be sure to provide full name, address and contact information when setting up your account.

Step 1: Facility Information > Page 1 of 2

* indicates a required field.

Facility Information

You must identify the facility for which you are completing this application. Enter the facility name, or portion of the name, in the "Name" box and click on "Search". Your search will return a list of facilities and addresses that meet your search criteria. If your facility is on this list, select it by clicking the button to the left of the name. If your facility is not on the list, you may search again, by pressing "Clear" and using different criteria. For example, try a new search using street address. If you know your DEP Facility ID, you may enter it in the applicable box and click on "Search". The facility information will populate the boxes. If this is a new facility, press the "Clear" button, and enter the information for the facility into the boxes provided (boxes with an asterisk are required), and continue to the next section without clicking on "Search".

Applicable Facility-wide Requirements

- Do the same for facility-wide applicable requirements
- Click “Add a Row” to list each applicable state or federal requirement
 - ▶ Consider both the example list provided as well as any federal facility-wide requirements as may be applicable under the Clean Air Act

State and Federal Facility wide Requirements

FACILITY-WIDE REQUIREMENTS

A number of state and federal requirements may be applicable as they are generic and universal by nature, including the following

310 CMR 7.01	General Regulations
310 CMR 7.07	Open Burning
310 CMR 7.09	Dust, Odor, Construction and Demolition
310 CMR 7.10	Noise
310 CMR 7.11	Transportation Media
310 CMR 7.13	Stack Testing
310 CMR 7.15	Asbestos
310 CMR 7.18(1) (c)	VOC Handling/ Storage

Further, your facility may be subject to federal requirements of the Clean Air Act not under the purview of MassDEP. This includes handling of Class I or II substances under Title VI and Section 112 (r) Risk Management planning Requirements. By signing the certifications at the end of this application, you are also certifying compliance with these regulations.

Provide a list of the federal and state requirements that apply facility-wide. Add a line for each applicable requirement.

Showing 0-0 of 0

Applicability of Federal Requirements (Parts)	List subpart	Applicable State Air Reg (not otherwise listed above)	Is this a new applicable requirement since the current OP

Insignificant Activities

- Answer Yes or No to indicate which insignificant activities are performed at the facility.

Insignificant Activities

Please indicate whether or not the following Insignificant Activities are conducted at this facility (310 CMR 7.00, Appendix C(5)(i))

*1. Open burning conducted in accordance with the requirements of 310 CMR 7.07(2), 7.07(3)(a) and 7.07(3)(e):

☐ Yes ☐ No

*2. Office activities and the equipment and implements used therein, such as typewriters, printers, and pens:

☐ Yes ☐ No

*3. Interior maintenance activities and the equipment and supplies used therein, such as janitorial cleaning products and air fresheners; this does not include any cleaning of production equipment or activities regulated by 310 CMR 7.18:

☐ Yes ☐ No

*4. Bathroom and locker room ventilation and maintenance:

☐ Yes ☐ No

*5. Copying and duplication activities for internal use and for support of office activities at the facility:

☐ Yes ☐ No

*6. The activities not regulated by 310 CMR 7.18 in maintenance shops, such as welding, gluing, soldering :

☐ Yes ☐ No

*7. First aid or emergency medical care provided at the facility, including related activities such as sterilization and medicine preparation :

☐ Yes ☐ No

*8. Laundry operations that service uniforms or other clothing used at the facility that are not regulated by 310 CMR 7.18 :

☐ Yes ☐ No

*9. Architectural maintenance activities conducted to take care of the buildings and structures at the facility, including repainting, reroofing, and sandblasting :

☐ Yes ☐ No

*10. Exterior maintenance activities conducted to take care of the grounds of the facility, including parking lots and lawn

Activities that Are Exempt from Title V

- Finally, list all of the activities at the facility that are exempt from Title V. Click “Add a Row” to get started. You will need to pick the basis for exemption from a drop down list

Exempt Activities (Exempt from Title V)

TITLE V EXEMPT EU
By proposing that these emission units or activities are exempt, you are making an affirmative declaration that the emission units or activity is not otherwise subject to an applicable requirement.

Allowable Emission Rate and Emission

- On this page, you will list all of the specific allowable emission rate and short and long term emissions by pollutant for each emission unit.
- The allowable emission rate is defined in regulations or previous plan approval.
- If a pollutant from any emission unit is not limited by permit or regulation, input the maximum potential emission rate and emissions.
- Click “Continue Application” when both tables are complete

EEA ePLACE Portal

Step 2: Application Information > Page 12 of 16

Please express limits or requirements in text such as "less than" or "more than" rather than using symbols. For more details on these requirements, see <http://mass.gov/dwp/eq-opk>.

* indicates a required field.

Applicable Requirements

ALLOWABLE EMISSION RATE

Allowable Emission Rate would be that amount of emissions by pollutant expressed in ppm, pounds per hour or in allowable raw material content (ex. 2.5 pounds VOC per gallon).

Showing 0-0 of 0

Non-applicable Requirements

NONAPPLICABLE REQUIREMENTS

Pursuant to 310 CMR 7.00, Appendix C(12), “Permit Shield,” an owner or operator of a facility subject to 310 CMR 7.00: Appendix C will not be subject to enforcement action for operating not in compliance with all applicable requirements provided said facility is in compliance with its permit terms and the Department expressly included in the facility’s operating permit a [PERMIT SHIELD] provision stating that compliance with the conditions of the permit shall be deemed compliance with any applicable requirements as of the date of permit issuance, provided that:

1. Such applicable requirements are included and are specifically identified in the permit; or
2. The Department, in acting on the permit application or revision, determines in writing that other requirements specifically identified are not applicable and the permit includes the determination or a concise summary thereof.

The Permit Shield provisions above shall not alter or affect the following [the following provisions are not “shieldable,” i.e., they are enforceable outside the permit regardless of whether or not there is a Permit Shield, except 3. below, since an Acid Rain permit or Acid Rain portion of the Operating Permit provides an inherent shield]:

1. The provisions of 42 U.S.C. 7401, § 303 (emergency orders), including the authority of the EPA under 42 U.S.C. 7401, § 303;
2. The liability of an owner or operator of a facility subject to 310 CMR 7.00: Appendix C for any violation of applicable requirements prior to or at the time of permit issuance;
3. The applicable requirements of the acid rain program, consistent with 42 U.S.C. 7401, § 408(a); or
4. The ability of EPA to obtain information from a source pursuant to 42 U.S.C. 7401, § 114

* Are you currently subject to a state and/or federal enforcement action for noncompliance with an applicable requirement?:

☐ Yes ☐ No

* Do you have an executed enforcement document that contains a compliance schedule:

☐ Yes ☐ No

If you have chosen to streamline your application by taking the most stringent requirements from multiple applicable requirements, are affected portions of your facility in compliance with these streamlined requirements? :

--Select--

Will the entire facility be in timely compliance with all future applicable requirements taking effect during the permit term?:

--Select--

Compliance Plan

Compliance Plan

You will be required to attach a schedule to this application for emission units that are not in compliance with all applicable requirements at the time of permit issuance. Such a schedule shall include a schedule of remedial measures including an enforcement sequence of actions with milestones leading to compliance with any applicable requirements for which the facility will be in noncompliance at the time of permit issuance. The compliance schedule shall resemble and be at least as stringent as that contained in any judicial consent decree or administrative order to which the facility is subject. Include in the schedule a schedule for submission of certified progress reports (no less frequently than every six months) for sources required to have a schedule of compliance to remedy a violation. Any such schedule of compliance shall be supplemental to and shall not sanction noncompliance with the applicable requirements on which it is based.

Submission Successful 17-AQ14/12-000065-APP

EIPAS (ENV) <eipas@massmail.state.ma.us>

Sent: Mon 5/8/2017 3:51 PM

To: Swallow, Erin (DEP)

NOTICE DATE: 5/8/2017

Thank you for submitting your online authorization application form for authorization type: AQ14/AQ12 - Operating Permit Application. Your Application Number is: 17-AQ14/12-000065-APP.

Payment online: If you have paid online by credit or ACH you will receive an additional notification that your payment is complete. Review of your application will begin. You will also receive a notification from the payment vendor that your payment is complete. That notification will include a Reference ID # for your records.

Pay by Mail: If you chose the "Pay by Mail" option, please make your payment in the form of a check or money order made payable to the Commonwealth of Massachusetts. Do not send cash. You must include your Application Number 17-AQ14/12-000065-APP on the check or money order that must be sent to the address below.

Department of Environmental Protection
PO Box 4062
Boston, MA 02211

Review of your application will not begin until after your payment has been received and processed.

Fee Exempt Status or Hardship Status Requested: If your application indicated a Fee Exempt Status, MassDEP will review your request. If your fee exempt status is not approved you will be contacted with instructions for paying the fee. If your application indicated a request for hardship status, your request will be reviewed and you will be contacted with the final determination.

You can track the progress of your submission through the review process at the following link: <https://permitting.state.ma.us/citizenaccess/>. Review of your application will now begin.

Please email any questions or concerns about this notification or this application to: EIPAS@massmail.state.ma.us
